

2026 ANNUAL SEMINAR SPONSOR INFORMATION

Florida Advisory Committee on Arson Prevention (FACAP) is excited to announce the **explosive** 48th Annual Training Seminar at its new location, the World Equestrian Center, focusing on explosions and post-blast investigations, with live explosions on the final seminar day!

FACAP's 48th Annual Seminar will be held at the World Equestrian Center, Exposition Center 1, 1284 NW 87th Court Road, Ocala, Florida 34482 on **March 4 through 6, 2026**. This two-and-a-half-day seminar is attended by more than a hundred insurance managers, adjusters and investigators; insurance defense attorneys; fire service officers and investigators; law enforcement officers and prosecutors; and private investigators, for the purpose of combatting arson. The training provided is for both those new to the industry and experienced professionals already involved in the field of fire and arson investigations, insurance claims, engineering and fire forensics. The training provides both the public and private sectors with a unique and highly educational experience.

FACAP is a non-profit, public education and arson awareness organization. As a public service, FACAP provides substantially-reduced (and below cost) Annual Seminar registration fees for the fire service and law enforcement personnel. In addition, FACAP provides a scholarship program to provide training opportunities to fire service and law enforcement personnel who would not otherwise be able to attend the Annual Seminar due to budget constraints.

By moving away from the Florida State Fire College for the seminar teaching, FACAP has changed things up and seeking to increase attendance at the 48th Annual Seminar. **FACAP needs your help in ensuring this year's Annual Seminar is a success.** Given the costs of hosting the Annual Seminar at the World Equestrian Center, we are seeking sponsors to assist in defraying the costs of our outreach for fire service and law enforcement personnel, including scholarships.
